- Jamie Fultz, five years with the Recorder's Office. Laile stated that Jamie is a hard worker and she is glad to have her.

Assessor's Office – Presented by Office Manager Mary Allen

- Amy Winder, five years with the Assessor's Office. Mary Allen stated the Assessor's Office loves having Amy in their office. She is in the front of the office and is always smiling.

Sheriff/Corrections – Presented by Chief Deputy Arnold Butcher

- Jaxson Phillips, five years with the Sheriff's Office. Jaxson began his career as a Corrections Deputy. He is now a Jail Operations Specialist. He does an outstanding job.

Animal Care - Presented by Commissioner Kamalu

- Sydney Larrabee, five years with Animal Care. Sydney was not in attendance. Commissioner Kamalu expressed gratitude for her service.

Library – Presented by Director Josh Johnson

- Jonathan Sears, five years with the Library. Jonathan was not present. Jonathan is the manager for the North Branch Library. Jon is very compassionate with his staff.
- Christine Davis, fifteen years with the Library. Christine was not in attendance. Christine began her career as a custodian and has worked her way to be a site manager at the Centerville Branch.
- Sabra Fisher, fifteen years with the Library. Sabra is one of the most effective and efficient supervisors the Library has.

Clerk/Auditor – Presented by Clerk/Auditor Brian McKenzie and Clerk/Auditor Curtis Koch

- Lori Schiess, fifteen years with the Clerk/Auditor's Office. Brian McKenzie introduced Lori and advised she is the County's Deputy Clerk Lead. She is responsible for the management and operations of our by mail ballot processing every election. She is in charge of hiring and managing all the temporary employees. Lori is such a valuable asset to our department.

COMMISSIONERS' MINUTES – DAVIS COUNTY

Curtis Koch stated Lori is the backbone of our election center and thanked Lori for her hard work and dedication.

Attorney – Presented by Commissioner Kamalu

- Dawna Ross, fifteen years with the Attorney's Office. Dawna was not in attendance.

Health Department – Presented by Deputy Director Dave Spence

- Brian Hatch, 25 years with the Health Department. Brian began his career in Environmental Health. He went on to get his Epidemiologist and Disease Investigations Degree, he then moved to administration. One word to describe Bryan is hard work. He has worked long hours with long meetings during this pandemic. Before that he was a major contributor to our accreditation with H1N1. Dave stated that another word to describe Brian would be passion. Brian loves Public Health. At the height of the pandemic Brian was saying this is what he was made for. The staff sees Brian's passion and he leads by example. Brian is a great leader. Dave expressed his appreciation for Brian's leadership and friendship. Commissioner Kamalu commented that she believes Brian was raised up for this day. She congratulated and thanked Brian Hatch.

CED – Presented by Director Kent Andersen

- Tony Thompson, thirty years with CED. Kent Andersen said it is impressive to get 30 years at the same institution. It also says a lot about Tony and his dedication to our County and the work that he does. Tony is the County's property manager and GIS Specialist and a Jack of all trades. Kent Andersen stated he has had the opportunity to work with Tony the last 2 ½ years, his work and assistance has been vital to moving some of our projects forward. Kent Andersen expressed gratitude for all the work he has done. Planning Manager Jeff Oyler stated Tony has spent a lot of time in the hallways and files of this County figuring things out. There will be a great deal of institutional knowledge lost when he retires and that will be hard to replace. He thanked Tony for everything he does and has done.

Commissioner Stevenson stated how appreciative the Commission is of the County's employees. The longevity in tenure here reflects how well this County is run.

A briefing of the National Defense Authorization Act (NDAA) along with other legislative involvement – Presented by Congressman Blake Moore

Congressman Moore first expressed his gratitude to his employee, Travis, for consistently representing his office at the Davis County Commission Meetings. He provided a brief update on Hill Air Force Base and defense related issues.

Congressman Moore stated he has gotten into a lot of different topics in several Town Hall meetings in August. He stated there are a lot of families in the First District directly related to Afghanistan with siblings and people's families over there. This has been really difficult. He stated his team put together some Legislation to help figure that out and did an incredible job. Congressman Moore thanked Devin Murphy in the DC office for getting 18 out of 20 Amendments out.

Congressman Moore advised that Hill Air Force Base's number one priority in working with the Utah

COMMISSIONERS' MINUTES – DAVIS COUNTY

Defense Alliance has been Northrop Grumman's Ground Based Strategic Deterrent Project. This project is providing thousands of jobs. The project is also modernizing our third leg of the Nuclear Triad. Congressman Moore advised that they were successful in getting that project fully funded for the coming year. This project was an Obama-era project and has been constantly under opposition despite it being clear that nuclear deterrence has saved countless lives and has prevented global conflict. Modernizing this is no question, leadership agrees.

Congressman Moore stated he and a Democrat from California who always opposes the Ground Based Deterrent Project (GBSD) have formed a relationship. He stated they both are both passionate about housing and finding ways to build projects within our military bases. This Democrat is totally against the GBSD program, however, he stated he wants to work with Congressman Moore to find areas of agreement on housing. The Democrat withdrew his amendment opposing GBSD. So this is one more year to secure this program. This also leveraged a great opportunity for us to begin digging into locality pay. Congressman Moore mentioned that some categories of the military are categorized for a certain pay and another will be categorized as "other". He stated that this is archaic and not up to speed with what reality is. One of the 18 amendments of ours that was passed through to address is regarding the military construction projects. The military construction budget is way behind and does not fulfill its need. To fix this, the military needs to embrace communities. Falcon Hill is a great opportunity and is a model on how to embrace communities. Clearfield Mayor Sheperd is a real proponent of this. He has presented unique ideas on how to address this issue in a collaborative way. The Defense Community Support Authority expands opportunities for neighboring communities to assist military installations with construction management and the operation of a facility on or near bases. The Congressional Budget Office (CBO) makes this difficult with language that has been around for a number of years. Congressman Moore stated that this does not make any business sense and is not good for the Air Force or the community. This amendment was passed this year and it is now the opinion of the Armed Services Committee and once this passes the house floor, Congress, that CBO needs to address how they score this. CBO requires that all the money is spent within the first year, even if it is a ten year lease. This does not incentivize anyone to get involved in these projects. Therefore, the first step is to change the language.

Congressman Moore stated "the F35 went through without much debate and has a strong future." The improvement of veteran hiring is something we are proud of. There is an 180 day rule where a veteran cannot get a job in the expertise they have if they are to leave the service. Congressman Moore expressed that he felt this is ridiculous. They have gotten rid of this rule through waivers over the last 20 years but they have not been able to get rid of it legislatively. Devin Murphy, who is in Congressman Moore's Washington DC Office, was able to convince some labor groups to flip on this subject and these groups are now supportive. This led them to get enough bipartisan support. Now, veterans can get jobs more easily. This was a very big win. General Kirkland was a big proponent of this and was excited Utah was able to lead the charge. Military Spouse Licensing Reciprocity will shift this issue in the right direction. Currently, military spouses who have a certification in a certain state are having trouble finding work if they are relocated. This is a burden on military families and this will help those spouses find jobs.

Congressman Moore said this is not a Davis County issue, but the people who work remotely at the Dugway Proving Grounds are getting the same exact pay as those who worked there in 1971. He stated his office was able to get this adjusted with inflation for potential passing. This issue, as well as the circuit supply chain issue were unique wins. There have been some great things for Hill Air Force Base, military families and the locality issues. He stated he has a great team and they have been working really hard on important issues. Congressman Moore thanked the Commission for the opportunity to present these updates.

Commissioner Stevenson invited the Congressman to come and have a conversation with the Commissioners on the issues. He thanked the Congressman for coming and for the updates.

PUBLIC COMMENTS

The public was invited to make comments to the Commission.

Rhonda Perks from Congressman Stewart's office presented updates from their local office. She said that Congressman Stewart has always felt that Davis County is well served being represented by two Congressmen.

Rhonda advised August is typically the month where Congress returns to their district. This is called August Recess. This is not a recess, this is a heavily working month as it is the only time between now and the holidays that the Congressmen get to come and interact with their districts.

Congressman Stewart's office has had a really interesting few weeks with what is happening in Afghanistan. Salt Lake City has an Afghan community in our district. Their office has been working around the clock to try and help those families who have loved ones in Afghanistan and who were allies to our troops there. She stated their office did have some success, though not enough.

The Congressman's office had upwards of 500 names of people they were asked to help and they were only able to help a very small portion of those families.

COMMISSIONERS' MINUTES – DAVIS COUNTY

Their office was able to get a number of those families out of Afghanistan after they were able to provide the proper paperwork. She stated their office has never been asked to work those kinds of hours before. They were answering emails at two or three in the morning due to the time difference. Rhonda Perks gave recognition to everyone she works with. She stated this experience made them all grateful for the freedoms and all the great blessings we enjoy here in the U.S.

Rhonda advised the Commission that Congressman Stewart was very disappointed in the execution of the mission in Afghanistan. She said their office is still trying to help individuals and families there and Congressman Stewart continues to work with the intelligence community.

Next month their office will be focusing on the Infrastructure Bill as well as some of the spending that is going on. Congressman Stewart sits on the Appropriations Committee, this does not have anything to do with this particular bill, however Congressman Stewart feels the spending is getting out of control. Rhonda Perks thanked the Commission.

Memo of Understanding #2021-0435 with UServeUtah for a grant to support the Clear Shelter Adoption Event

1. Memo of Understanding #2021-0435 with UServeUtah for a grant to support the Clear Shelter Adoption Event — Presented by Interim Director Ashleigh Young

The contract period is 09/10/2021 to 09/10/2021. The receivable amount is \$500.

Commissioner Kamalu commented that she had read about this event in the August digital newsletter. She asked if this event will be hosted at the shelter. Ashleigh confirmed it will be. Ashleigh stated the adoption event is going to be held September 10th from 5am to 9pm. She advised Animal Care has shifted their hours to access a different group of adopters who can't make it during our normal business hours. Commissioner Kamalu stated she was excited about this adoption event.

Ordinance #0005-2021 Repealing and Replacing Chapter 2.36 of the Davis County Code regarding Records Access and Management

3. Ordinance #0005-2021 Repealing and Replacing Chapter 2.36 of the Davis County Code regarding Records Access and Management — Presented by Chief Deputy Brian McKenzie

Brian McKenzie advised this Ordinance has been in the works for close to two years. Most recently it was discussed in two separate Work Session meetings with the Commissioners addressing questions and making a few modifications. The Ordinance was also shared with the County's Administrative Officers with some good discussion.

Brian McKenzie recognized the work of Davis County Records Manager, Rebecca Abbott, on this Ordinance in addition to the many others who participated in the discussions including the Attorney's Office, our Clerk/Auditor Curtis Koch, and the various other departments for the input that was put into this to make it happen.

COMMISSIONERS' MINUTES – DAVIS COUNTY

The changes to this Ordinance puts a Records Management mentality framework into place for Davis County Government as we strive to improve the way we manage and identify our records as well as making those records accessible to the public. There are some significant changes as it relates to the annual Records Management Plan that will be prepared by each department as we identify records and certain procedures for responding to records requests. We are working on facilitating better training for those involved in records management.

Commissioner Kamalu commented on the hard work put into this significant Ordinance. She thanked Brian McKenzie for the work put into this. She stated this Ordinance was brought up as something our County wanted to look at and strengthen for our future. She stated she supports the decision to have the Administrative Officers come together to discuss the issues and to make sure the Ordinance is understood by those Administrative Officers.

Commissioner Stevenson recognized this as a joint effort and thanked Rebecca Abbott for her input on this. He stated this was a team effort with the Attorney's Office and the Clerk/Auditor's office and is one more step in improving the record keeping at Davis County.

#2021-0465 Brett's Towing Inc.
#2021-0466 Master Towing LLC
#2021-0467 Trevor's Towing

The contract period is 7/1/2021 to 6/30/2022.

Curtis Koch made a statement for the record to correct the August 24th Commission meeting. Fast Fox Towing was listed on the agenda for approval, however, that agreement did not go through. We anticipate that will be coming through on a future date. Chief Deputy Poulsen stated that Fast Fox Towing was on this contract agreement for this meeting, however, in looking into it she saw the contract was already with the County. It was decided the Clerk/Auditor's Office will be looking into that issue and it will be addressed at a future date.

Commissioner Stevenson commented on item 29 stating that Fruit Heights is the last contract to come through. He expressed his gratitude for the work of the Sheriff's Office and the Clerk Auditor's Office for working closely with these cities to understand the amount of service they are receiving and the true costs. As a note of clarification, Curtis Koch advised that the County still has three cities the Sheriff's Office provides Law Enforcement services for, Fruit Heights was the last of those three cities to go under contract.

COMMISSIONERS' MINUTES – DAVIS COUNTY

Commissioner Stevenson moved to reconvene the Commission Meeting. Commissioner Kamalu seconded the motion. All voted Aye.

COMMISSION COMMENTS

Commissioner Stevenson invited other comments from the directors.

Commissioner Kamalu commented on the tour she attended at the Mueller Park Trail. She commented how blessed we are to have these trails on our mountain side. Commissioner Kamalu stated that she rode an E-bike on this tour. She mentioned that there is a new section of trail completed by Bountiful City and the Volunteer Trails Committee. The tour saw the plans to add miles of trail to Mueller Park. There is beautiful space there. She expressed her gratitude for the beautiful place where we live. She recognized Councilwoman Kate Bradshaw who put that event together.
